

LEDA Cookie policy

1.0 What are cookies?

Cookies are small text files that are sent to and stored on your computer, smartphone or other device for accessing the internet, whenever you visit a website. Cookies are useful because they allow a website to recognise a user's device. On this site, the cookies we use include 'analytics' cookies, to analyse how users use this site to help us make our website better for those who visit it regularly, and 'load-balancer' cookies, which are essential to ensure performance of the site.

2.0 Understanding how and why we use cookies

We use cookies on our website (<http://leonardengineering.co.uk>) to create the most effective website possible for our visitors. Among other things, the cookies we use allow us to improve your experience when using our website and to ensure the website performs as you expect it to.

As you may be aware, recent legislation requires websites to gain visitors' consent to use cookies. Leonard Engineering Design Associates is working to implement appropriate changes to its websites as soon as possible.

3.0 Do cookies mean I could get cold calls or junk mail?

We never use the data gathered through cookies on this site to contact you via post, email or phone and we do not use cookies on this site to show you product and/or service advertising as we don't use advertising on our website.

4.0 Can cookies pass on my personal information to others?

We will not share any personal information gathered through cookies on this site with third parties. All our cookies are **the first-party cookies**, that is created by our site. We do not use **third-party cookies**, that is cookies created by other sites as we do not use ads or images of third parties.

We do use 'analytics' cookies on this site to help us make our website better for those who visit it regularly and in doing so we do share certain limited information with our third party 'analytics' providers but none of that information can be traced to an individual.

5.0 How cookies make our websites safer and easier to use

Cookies are used for a variety of reasons, such as to improve the functionality and performance of this site.

We use 'analytics' cookies on this site to help us make the site better for those who visit it regularly. They help us work out what users like and don't like and how we can improve things for you.

6.0 How we work with trusted third parties

Third parties are trusted suppliers to Leonard Engineering Design Associates and include those partners who provide important functionality to our websites and those who do the analytic for us.

We will not share any personal information gathered through cookies on this site with third parties.

7.0 How you can manage your cookies

The browsers of most computers, smartphones and other web-enabled devices are typically set up to accept cookies. If you wish to amend your cookie preferences for this site or any other websites, you can do this through your browser settings. Your browser's 'help' function will tell you how to do this.

However, please remember that cookies are often used to enable and improve certain functions on our site. If you choose to switch certain cookies off, it is likely to affect how our site works.

8.0 More about your privacy

To find out more about how Leonard Engineering Design Associates protects your privacy when using our website, see our website [Terms and Conditions](#).
